- (c) monitoring the performance of, and improving the effectiveness of, risk management systems and internal compliance and controls, including regular assessment of the effectiveness of risk management and internal compliance and control.

To this end, comprehensive practices are in place that are directed towards achieving the following objectives:

The responsibility for undertaking and assessing risk management and internal control effectiveness is delegated to management. Management is required to assess risk management and associated internal compliance and control procedures and report back quarterly to the Audit and Risk Committee.

The Board will review assessments of the effectiveness of risk management and internal compliance and control at least annually.
