

Executive re-structure across global operations

Announcement

PYC Therapeutics, (ASX: PYC) ('The Company' or 'PYC'), a precision medicine company developing new treatments for severe unmet patient needs, today announces a re-structuring of the Company's executive team. Dr. Rohan Hockings, previously the Managing Director of the Company's Australian operations will resume the role of Chief Executive Officer of PYC and Douglas Huey, previously the Chief Executive Officer of PYC will assume the role of Managing Director of PYC's US operations (PYC Therapeutics LLC).

The re-structure aligns to the recent strengthening of the Australian management team with the appointment of Professor Sue Fletcher to the role of Chief Scientific Officer to join Dr. Hockings and Chief Business Officer, Kaggen Ausma, in the Company's Australian operations. PYC will continue to build both clinical and commercialisation capabilities in the US in support of PYC's lead drug program and a growing pipeline of high impact precision therapeutics.

About PYC Therapeutics

PYC Therapeutics (ASX: PYC) is a drug development company solving a major challenge in the development of a revolutionary new class of drugs – delivering large drugs into cells. Cell Penetrating Peptides (CPPs) can overcome ‘the delivery challenge’ and provide access for a wide range of potent and precise drug ‘cargoes’ to the ‘undruggable genome’ – the highest value drug targets that exist inside cells. PYC Therapeutics is using its CPP platform to develop a pipeline of novel therapies with an initial focus on inherited retinal diseases.
